

Homage to Atwater-Rove

Somewhere Along the Line
he'll say something I've

thirsted to hear & I'll use it
to destroy him. *Dear God!* cry

his apologists, *that idea*
ripped from context. He
meant the opposite! Uh huh.

Drysdale used to hit a guy,
say in the small of the back,
then hit him in the exact spot

next time up. Insure
he'd be remembered.
